Here's what's we've got for you this week:

- **What's New:** New Architecture, Binary Routes and More
 - **On the Blog:** Boating Guide to Tampa, Florida
 - **Live Q&A Replay Link**
 - **Quick Tip:** Explore the Map While Creating a Route
 - **Boat Show:** St. Petersburg January 15-18
 - **Survey:** What Should Argo Build Next?
-

What's New this Week

New Architecture and Binary Routes

Our team has been working on this for months. It's a huge improvement for anyone who doesn't like waiting on the app.

New Architecture

Basically, we've done a massive under-the-hood technology upgrade to make Argo faster, lighter, and more responsive.

Binary Routes

We simplified our routing algorithm so your Autoroute will now load faster. You'll notice smoother performance and less waiting.

Want to try Autoroute? Sign up for a free two week trial.

Other New Features:

- Added Kayak Launches to your chart
- Nav Settings update - set your default Map Orientation while underway (Course Up vs North Up)
- 3D Map View back again is part of Navigation Settings. The feature never went away (default manual) just the settings.

On the Blog

Boating Guide to Tampa, Florida

Tampa is one of Florida's most versatile boating spots, known for calm inland waters and a relaxed coastal atmosphere. It's an easy place to be on the water without feeling rushed, even during the busiest of weekends.

Our in-depth guide makes it easy to start planning your next trip, with everything from navigation tips to must-visit locations. Every spot is tagged in Argo. Just open the links, log in, and save favorites to your My Pins so your ideas are ready when the season changes.

Live Q&A

Watch the Replay

Couldn't make it live? No worries, tune in to hear about new features just released and listen to questions from other boaters.

[Watch via Youtube](#)

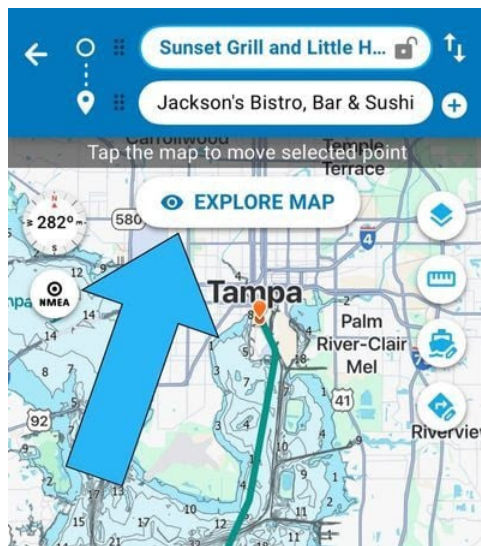

Quick Tip

Explore the Map While Creating a Route

Want to explore the map while creating a route? But don't want to add additional points yet?

Create your initial route. Then tap the **Explore Map** button to set the route so additional taps on the map do not change the start or destination points.

Once you're done exploring, tap **Edit Route** (up top) to get out of Explore mode.

Boat Show

St. Petersburg January 15-18

Meet us at Booth 460. Jeff and Dave will be presenting at the following times:

Thursday 11am Tent B - What's Better? Chartplotters, Apps or Both?

Friday 11am Tent B - Navigation Apps - Boat Smarter and Safer

Survey

What Should Argo Build Next?

Thank you to everyone who's already filled out our survey. We truly appreciate the thoughtful responses and will use them to help shape Argo's 2026 roadmap and beyond.

If you haven't had a chance yet, there's still time to share your input and make your voice heard.
