Here's what we've got for you this week:

- **What's New:** Live Tracking Previews
- **Quick Tip:** Navigate to a Street Address
- **On the Blog:** The Story of Pontoon Life
- **Argo Live:** Thursday, July 9th at 7 PM ET

What's New this Week

Live Tracking Previews

We're excited to introduce Live Tracking Previews, a new way to follow featured boaters as their adventures unfold.

First up is Robert Youens' Great Loop record attempt. You'll be able to watch his position update live, see his elapsed time and speed, and follow conversations between him and his crew, all from the Argo web app.

This is just the beginning. In the future, featured voyages, expeditions, races, and other notable on-water adventures may also be available for the community to follow live.

Quick Tip

Navigate to a Street Address

Did you know you can use Argo to navigate to a street address?

This is useful when trying to go to a friend's house that's on the water.

Just type the full address into the search bar and create a route from there.

Street Address

4309 Shore Rd, Edgemere, MD 21219, USA

39.21869, -76.438645

1625.1 nm away

On the Blog

The Story of Pontoon Life

What started as a passion for pontoon boating has grown into one of the largest online communities for pontoon enthusiasts. Meet Greg Dorothy, the creator of Pontoon Life, and learn how he's helping thousands of boaters discover new destinations, stay safer on the water, and connect over a shared love of boating.
